IMPORTANT NOTE: Online E commerce sites are created for "DO IT YOURSELF" ordering to keep costs down, not utilizing phone sales and additional clerical personnel. If you do not already have an account please log in and enter the required information for bill to/ship to information since we process all orders online for inventory and shipping. An online account with your information must exist to process any order received in any format at any time. If you do not pre-enter your bill to/ship to information there will be the charge for an employee to complete all the set up information prior to processing your order for shipment. Log on with your account at any time and make a pseudo order with the items to obtain totals and/or shipping prices by taking the order to the end of the process and checking the shipping option you wish to utilize. If you do not want to order online at that time, or place order via mail or fax use this process to obtain the correct shipping rates. AS long as you DO NOT CONFIRM the order it will sit in the shopping cart until you either order it or delete it.
